

CALOTTE STAMPATE

**Calotte femmina
per collettori /**
Female caps for
manifolds

Modello / Model
CALOTTE

Materiale / Material
Aisi 304

DN
32 – 80

PN
16

Caratteristiche tecniche / Construction features

- **Lavorazione per deformazione a freddo di lamiera del disco sagomato di chiusura** / Manufacturing by cold pressing of metal sheet of the shaped closing disc
- **Manicotto filettato ottenuto da tubi saldati** / Threaded connection obtained from welded pipes
- **Saldature a TIG senza apporto di materiale** / Welded joints made with TIG method without any additional material
- **Conessioni filettate gas cilindriche secondo** / Threaded ends gas cilindric according to UNI ISO 228/1
- **Trattamento superficiale sgrassaggio, decapaggio ed elettrolucidatura** / Surface treatment degreasing, pickling and electropolishing
- **Pressione nominale di esercizio** / Nominal working pressure 16 bar
